

- Alpha Group, STAND A3**
 1080, part of the Alpha Group, working closely with Architects and Designers, have helped transform the business interiors of some of Ireland's chief companies with the latest innovative workplace settings from leading European industry furniture manufacturers. This year at the Architecture and Building Expo 2018, we will be showcasing the new Infinity task light and Ballo fun sitting multipurpose stool from Humanscale; we are also delighted to showcase the Axl range of tables, chairs and stools from Allermuir, which was awarded the coveted Red Dot: Best of the Best for Product Design 2018. Furthermore, we will be displaying Orangebox's new award winning Eva chair, which you can take home...if you're the lucky winner of our raffle! Find us at stand A3.

- Limestone Ireland, STAND B22**
 We, at Limestone, are excited to present our range of S.anselmo Italian soft mud bricks at the Architectural Expo in October. Our range will include our hand formed soft mud brick, currently being used in residential and commercial developments throughout Ireland, and our Corso long format brick new to the Irish market. Our stand will display a mixture of Corso and soft mud brick samples in several colours, textures and finishes, alongside some glazed and architectural clay products. To view our brick products, visit our brick library @ www.limestone.ie. Looking forward seeing you at the show!

- Edgeform Metals, STAND A6**
 Edgeform Metals have over 20 years experience in the supply of metal roofing. We have partnered the market leaders from day one, Rheinzink who produce the only pre-patented zinc on the market, KME (Tecu) the standard bearer for quality copper in architecture and Roofinox stainless steel. All our staff are experienced and well trained in the installation and specifications of these metals and are happy to help architects to achieve the best quality roof or façade on your project. We have a fabrication plant at our premises in Dublin and carry all underlay and insulations partnering Doerken and Linitherm in Germany.

- Walfrid Private, STAND E13**
 "DirectorWealth is a Wealth Management firm specialising in the provision of professional financial advice to Company Directors and Business Owners. Our focus is on appraisal of personal and business finances to reduce cost, reduce tax and improve efficiency. We are fully independent, Irish owned with no affiliations to any firm."

- Shane Holland Design, STAND B21**
 Shane Holland Design Workshops will again be exhibiting at Architecture Expo just after their showing at London Design Fair. Holland was delighted to pick up the Best Lighting Award for the 'Cruise lights' in last year's Architect's Choice awards and will be showing the new 'Petula' a 1 off sculptural light with 36 petals, the 'Element' lights recycled from the refit of Sam Stephenson's Dame St, Central Bank building and "Soles of the Sea" another art piece made from shoes recovered from North Dublin beaches. One of this year's highlight projects includes a large light for Bvlgari's new logistics hub designed by MCA Architects near Dublin Airport.

- Mestre Raposa, STAND W6/W7**
 Mestre Raposa's presence in this year's ArchiExpo intends to surprise visitors with a refreshing and innovative perspective on the doors & windows market. Expect a plethora of surprises from this Portuguese company with German quality and European experience, be it from the range of design and material options to an uncompromising focus on customer satisfaction. Mestre Raposa's efficient decentralized production process is a strong guarantee of excellent cost-to-quality ratios throughout its services and product offer. To be highlighted are the timber and timber alu-clad profiles to be exhibited which show superior thermal and resistance factors when compared to the competition.

Architecture & Building Expo 2018

RDS, Dublin 4

Friday 5 - Saturday 6 October

ARCHIEXPO.IE
**ARCHITECTURE &
 BUILDING EXPO**
 RDS | 2018

Architecture & Building Expo in the RDS, Dublin 4, - Friday, 5 October and Saturday 6 October - running in tandem with the RIAI Annual Conference, is much more than an exhibition but rather a comprehensive combination of product displays, seminars, industry briefings and showcase awards events. These include the Interior Design & Fit-out Awards, the Architects' Choice Product Awards, the CIBSE Ireland/SEAI Deep Retrofit Briefing and a presentation on developments in the integration battery storage with renewables.

What Architecture & Building Expo represents most is an opportunity to communicate and collaborate, and to learn about the latest technology and product innovations. Solving problems is a two-way process and a visit to the show means that issues relating to general project concepts can be discussed and explored, while challenges relating to specific projects can be resolved.

The Expo runs concurrently with the RIAI annual Conference, details on ria1.ie

■ **Soprema - STAND B10**

SOPREMA, global leaders and experts in waterproofing and insulation, will be showcasing industry leading roofing, waterproofing and insulation solutions including bituminous, single-ply, hot melt, insulation and green roofs for all construction sectors.
